Objection Handling & FAQ

“Why pay extra for Diet when the tests already cost so much?”

Diet & Consult come FOC with the 1+1 purchase — it isn't an extra cost, it's a bundled value-add. Frame it as ‘you already get 2 people tested, plus a dietician's guidance, at one test's price.’

“Is Vitals really free? Any hidden charge later?”

No hidden charge. Vitals FOC is applied directly at billing under WHD100 — the final invoice will show it as zero-cost.

“Can my spouse and I use the 1+1 for two different packages?”

No — 1+1 applies to the same package tier for both members (e.g., both take Active, or both take Expert). Mixing tiers isn't supported under this offer.

“Is this a genuine offer or just an Independence Day gimmick?”

It's a time-bound but genuine national campaign (10–31 Aug 2026), backed by live promo codes and billing system support — not a verbal-only promise.

“Will my reports take longer because of the free consult?”

No — turnaround time is unaffected. The Diet & Consult sessions are scheduled separately (call or in-person) and don't delay report delivery.

“Is the Diet consultation on call or in-person?”

Both options are available depending on BU — tele-consultation is standard, with in-person available at applicable centres/camps.

“Why is the Onam offer only for Kerala?”

Champ-3 and the Vitamin D/B12 discount are structured around Kerala's Onam season and local screening patterns — it's a regional cultural-calendar campaign, not a national one.

“If I don't use the offer within validity, can I get it extended?”

No — all promo codes auto-deactivate on their end date. Encourage the customer to book within the window; extensions aren't supported in the billing system.

Thank You
